JCSA Launches MBE/WBE Newsletter

You may have noticed a new MBE/WBE Newsletter in your inbox this month. The Jackson County Sports Complex Authority launched the newsletter to network and highlight MBE/WBE contractors that have participated in the stadium renovations. Each month you will read about local MBE/WBE's and how their businesses have benefited from the stadium projects and learn about their company background and expertise. Look for next month's issue when they profile Hoffman Cortes and Farris Law Firm.

Chiefs CM Celebrates 20th Anniversary

This year marks 20 years of commitment and excellence in the field of construction for Turner Construction. When Turner first opened its doors in Kansas City, back in 1988, they started with a staff of six employees; they now have grown to 100+ full time employees servicing a variety of clientele. During the past 20 years, Turner has been involved with numerous high-profile projects in the Kansas City area, including Bartle Hall, the

Liberty Memorial Phase III Expansion and the Overland Park Convention Center and Sheraton Hotel. "We are proud to be a part of the New Arrowhead Stadium and Training Facility project and look forward to 20 more successful years of building the future of Kansas City", said Dewey Newton, Vice President/General Manager.

Turner's Kansas City office serves as home base to the four state region of Missouri, Kansas, Nebraska and Iowa and projects range from engineering, construction and architecture. A lesser known fact about the Turner Kansas City office is that the fit-out is LEED® Certified featuring bamboo flooring; low VOC paints adhesives in wall coverings and casework, reused existing doors, walls, and ceilings. The carpeting is made of recycled content, stained concrete floors and locally manufactured materials.
